RECORD REVIEWS

BY
BILLY MIDOL

The Faith/Subject to change. Musically this is pretty interesting, not all out thrash. Lyrically it is also a bit unusual. Production is O.K. but the bass is a little weak. The best songs are Aware and the title track. Dischord Records, 3819 Beecher NW, Wash. DC. 20007

Descendents/Milo goes to College. This record shread The music is medium paced and has lots of cool basic melodies. The lyrics are really cool, especially Catalina, a song about cutting out on bitchy girls and boring home life for some seaside relaxing. Sounds good to me! New Alliance Records, P.O. 21 San Pedro, Ca. 90733

State/No Illusions E.P. The best song on this record is Subvert. After that it is pretty standard, Fast slow hard core. Lyrically it's your basic polotics, God and cops, except Hard Line. Hard line is a real good hunk of verse, even if the music isn't as good. Statement Records, P.O. Box 4412. Ann Arbor, Mi. 481

Pariah/Youths of age. These guys are great live, and allthough this record is good, it doesn't capture thier live energy. It seems the studio has tamed Mike's otherwise blaring Marshall stacks. On it's own merit, the record is tight and powerful with clean vocals, but like I said, Pariah is much better live. Posh Boy, P.O. 38861, LA, Ca. 90038.

Misfits/Wolfs Blood/Earth A.D. German. This version has two additional songs than the domestic; Die Die my Darling and We Bite. Both songs are greatly missed on the domestic version as is the multi-colored cover. The rest of the album is high speed, unrelenting dirge as only the Misfits can deliver. Also available is the 12 inch version of Evil Live. Aggressive Rock Produktionen. Kurfurstenstr. 131, 1000 Berlin, W. Germany.

{GOSSIP AND SHIT...}

GNARLY TRANSITIONS

HAYWARD
RAMP

PHOTO: matt etheridge

Tony Magnuson, Lean Air AT Joe's Ramp Jam.

First off, the Ramp is not in Hayward. IT's in San Leandro. People just call IT Hayward Ramp. IT's owned By Joe Lopes, He's Really cool But He says "hea Bra" too much. IT's 9' High, 20' wide, 12' Flat Bottom and a 4' canyon, PVC for coping. IT's all masonited. the Transitions are a Little Quick, But IT's smooth. Joe's Held one pro contest there and is thinking about another one. He's also thinking about making the Ramp about 1 FT Higher in the Near future. the Ramp cost around 4 thousand dollars to make. If He Doesn't Know you, you'll probably won't be able to skate IT. He might let you, if you flow Him some CANNABIS. (POT)
